DOCKETED BY

Attn: Docket Control

Ref: Docket NOS. W-01815A-14-0173 and W-01815A-16-0142

To whom it may concern:

We accept the staff's recommendations for our rate increase but we would like to request the following:

Page 11...Title "Use of the \$514,700 loan proceeds for reimbursement of previous funds spent on meters and meter installation costs: We, Golden Shores Water Co., requested to use a portion of the loan proceeds to be reimbursed for funds spent on meters and meter installation costs as it is critical that new meters be installed as soon as possible. We have provided an email from WIFA stating that this would be acceptable as long as the meter installers are being paid Davis-Bacon wage rates. Staff has recommended that we be authorized to use a portion of the loan proceeds to be reimbursed for previous funds spent on the meters and meter installation costs that were incurred beginning JULY 29, 2016.

We are requesting authorization to be reimbursed for our meter installations that were incurred beginning JANUARY 1, 2016. Due to our failing infrastructure, we were forced to begin the installations at the beginning of the year. We would appreciate your understanding and cooperation with this matter.

Thank you,

Eileen Sparks

Secretary

Golden Shores Water Co.

Subject: Golden Shores Meters

Hi Crystal,

If ACC determines that Golden Shores is authorized to recoup costs for previously purchased meters from this year, WIFA will allow for the reimbursement as part of the loan provided that all proper procurement procedures are followed and the meters are installed using prevailing wages. Feel free to contact me if you have any questions.

Thank You,
